About Me

I am a 3rd year **Software Engineering** student. I *really* enjoy building websites, and my current goal is to become a full-stack web developer.

Languages I have used: **Python**, **C++** and *a little* JavaScript.

Fun fact: I drink 2 litres of H_2O while coding every day.

What Inspires Me

> "The best way to predict the future is to invent it." — Alan Kay

My teacher always says "practice beats theory", so I code every day.

Book I am reading: *Clean Code* by Robert C. Martin

Skills

- Programming Languages
  - Python
  - C++
  - Java
- Web Development
  - HTML
  - CSS (learning)
  - JavaScript (next)
- Soft Skills
  - Teamwork
  - Presenting

My Learning Roadmap

1. HTML structure and content
2. CSS layout and design
3. JavaScript and the DOM
4. PHP and databases
5. Deploy my portfolio online

Tools I Use

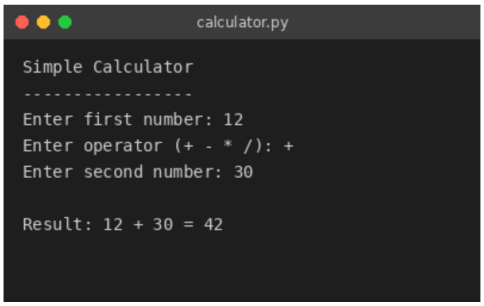

VS Code
: The code editor I use for every lab.

Chrome DevTools
: Inspects the HTML of any page and helps me find mistakes.

Git and GitHub
: Saves versions of my code and shares my projects online.

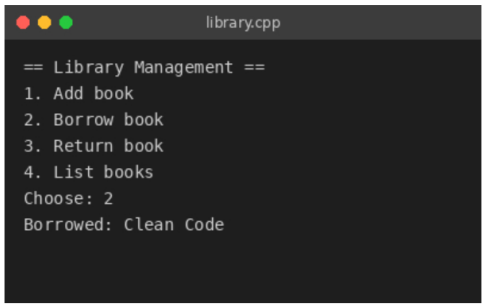

Projects

Simple Calculator

A calculator that adds, subtracts, multiplies and divides.

Library Management System

A console program for borrowing and returning books.

My First Program

The first thing I wrote in Python was `print("Hello, World!")`. Later I wrote this loop:

```
for i in range(3):
    print("Hello", i)
```

Education

BSc in Software Engineering

Addis Ababa Science and Technology University, 2023 – present

Academic Record — BSc in Software Engineering

Year	Semester	Course	Credit Hours	Grade
Year 1	Semester I	Fundamentals of Programming	5	A
		Applied Mathematics I	4	B+
	Semester II	Object Oriented Programming	5	A
		Discrete Mathematics	4	B
Year 2	Semester I	Data Structures & Algorithms	5	A-
		Internet Programming I	5	A
Total credit hours			**28**
